## TESTIMONAL

I started with Discreet in July 2005 after realising that although I thought I'd seen it all there is nothing like the service that Discreet Party Plan offers its customers. Especially with the introduction of the Discreet Erotica Kit for the Gay and Lesbian Community I thought "now here's something I could really do!"

*"Now here's something I could really do!"*

With this new kit I was able to show others how to communicate with the gay society to which I belong and also to show the gay and lesbian people that they don't have to go into Adult Shops anymore as there is an in home party plan service that can help them with their lingerie, adult toys and novelties as well.

The Discreet Erotica range is full of naughty and nice little lingerie numbers especially suited to the gay community and they are all designed and manufactured at our Head Office on the Gold Coast. Feedback I have received has also indicated that the toys are just what this market is after.

My goal is to have my own successful team of Discreet Erotica Consultants to contribute to the gay and lesbian community in NSW and to then branch out and start teams in other states. To do this I have the wonderful support of my Manager, my team and the company.

Hopefully I will see you at a Discreet Erotica party soon!
